

Forever 1111 – Madelyn Eitas

In loving memory of our beautiful daughter, Madelyn “Maddie” Eitas, we are creating a community fund to honor the incredible light she brought into our lives.

Maddie was joyful, athletic, adventurous, and a natural leader — she loved being with her teammates, friends and family. She loved dancing, soccer, skiing, the outdoors, and bringing people together wherever she went. To carry her spirit forward, funds raised will support an annual Mariners soccer scholarship in her name, the addition of a scoreboard at Dexter Soccer Field and, we hope, future field lights, initiatives promoting avalanche awareness and skiing safety as well as other future projects.

Our hope is that these efforts will strengthen the community she loved so deeply and create lasting reminders of her energy, kindness, and fearless heart. A memorial fund will be formally established in the coming days. Thank you for helping us remember Maddie and ensure her legacy continues to inspire others.

With love, Greg, Becky and Cam
